Mr. Justin Farley
United Stone and Design
P. O. Box 909
Duchesne, Utah 84021

Subject: Notice of File Closure, United Stone and Design, United Stone and Design #1, S/047/074, Uintah County, Utah

Dear Mr. Farley:

On May 20, and July 8, 2004, I inspected the referenced mine site in the E½ Section 36, Township 12 South, Range 20 East, SLBM. Although there is still some evidence of disturbances in the area, these disturbances are small and should heal with no additional reclamation work.

The Division hereby releases you from further reclamation liabilities in this area and will close file S/047/074. If you desire to do further mining operations, you will need to submit a new Notice of Intention to Commence Mining Operations, the permit fee, and a reclamation bond.

If you have any questions about this closure or about other aspects of the Minerals Regulatory Program, please call me at 801-538-5261. Thank you for your cooperation.

On June 22, 2004, the Division received your proposal to amend your existing Notice of Intention to Commence Small Mining Operations. I apologize for the delay in responding, but before accepting this amendment, I wanted to look at certain aspects of the area you previously had under lease.

If you have any concerns with this action, please contact me at (801) 538-5261. Thank you for your time and consideration.

Sincerely,

Paul B. Baker
Senior Reclamation Biologist
